SHOW ME THE SAVINGS:

A STATEWIDE TRM AS A CATALYST FOR ENERGY EFFICIENCY IN MISSOURI

MISSOURI
Department of Economic Development

SHOW ME THE MONEY!

USDOE (federal) funds:	**$268,232**
Non-Federal Match (in-kind)	**$147,187**
Total Project Value:	**$415,419**

Prime Recipient: **Missouri Department of Economic Development, Division of Energy (DED-DE)**

Contractor: **Vermont Energy Investment Corporation (VEIC)**

MISSOURI
Department of Economic Development

WHY:

Catalyst to bring together Missouri electric, gas, and water utilities to develop a statewide technical reference manual

to provide transparent and consistent measurement, tracking and documentation of energy efficiency savings

for cost recovery/incentives and/or Clean Power Plan compliance.

MISSOURI
Department of Economic Development

Consistency in Deemed Savings and Framework for EM&V 2.0

Easier Program Design and Evaluation

More Utilities Running Programs

Greater Energy Savings

MISSOURI
Department of Economic Development

HOW:

- **Catalyze ratepayer-funded energy efficiency programs in Missouri by creating a common definition of deemed energy savings,**
- **Catalogue those measures in a statewide TRM, and**
- **Explore how advanced data technologies may increase the effectiveness of future EM&Vs.**

Through a robust stakeholder engagement process

PARTNERS

Missouri Department of Economic Development: Division of Energy

Missouri Department of Natural Resources

Missouri Office of Public Counsel

Missouri Public Service Commission

Utilities

- **Ameren Missouri**
- **Empire District Electric**
- **Kansas City Power and Light**
- **Laclede Gas Company**
- **Missouri American Water Company**
- **Summit Natural Gas**

Advocates

- **Missouri Energy Initiative**
- **Natural Resources Defense Council**
- **Renew Missouri**
- **Sierra Club**
