Anne McKibbin, Working Group Lead
- 11:50 PM Public Meetings Recap
Anne McKibbin, Working Group Lead
- 12:00 PM Open Discussion:
- To what level of detail should the Plan recommend an approach to setting electricity, natural gas, and water rates in Missouri?
 - What values should the Plan consider in making recommendations on rate setting policies?
 - What emerging market forces should the Plan consider in its recommendations on rate setting policies?
 - Should the Plan address any particular issues with the pricing of propane and transportation fuels?
 - To what extent should rates, when they must change, change incrementally? What level of change is acceptable to Missourians as a whole? To particular sectors? To particular subsectors of the residential sector?
 - Other?
- 12:50 PM Commitment for Subsequent Meeting Involvement and Next Steps
- 1:00 PM Adjourn
